[Question Corner]

@Shion I love it. You definitely sound photosynthesis xD

@Violet @Wizard both are from 2017. I'll remove the IP bans and make them regular bans. I should be clear that I'm doing this under the assumption that it was someone else who deserved the ban - if you start doing stuff that makes it clear it was meant for you and you created alts to get around it, then I'll have to ban you. I don't think this is the case, I mean Violet you've been on the MB for years, but I need to mention it.

@Falcon I'm a Slytherpuff! Whenever I take sorting hat quizzes I either get Hufflepuff or Slytherin. Kind of weird because they're so different! I think I'm more Hufflepuff than Slytherin but hey, snakes are cool.

@Gleam it went through! :D

@Fallon Looks like it did get caught. First, I'd try just submitting it through again. If it still doesn't seem like it's posting, you might need to remove the post number of your Elemental World fic - I know this is REALLY SILLY since it's literally our own site but sometimes the filter sees it as a URL. Ugh. I know.

[Forum Prompts]

One day when you fall asleep, you enter a dream world that looks like a vast desert. The dream version of yourself has some magical abilities, and you get into some scuffles with desert thieves. In one of the scuffles you unmask one of the thieves to see someone you recognize, a classmate of yours. When you wake up, you faintly remembered what happened and as you make your way to school you see the classmate. He makes eye contact with you and says "We'll steal the Dream Gem from you next time, don't think you've escaped..."

Hear yea hear yea, here comes da news

[Announcement]

If you haven't already, take a peek over hereee to follow along with updates: /347660
Today has been A DAY y'all! Exciting days ahead for our not-so-secret project.

[Question Corner]

@Shion I've considered it! There are no rules against it, it's more of a time thing and also a "if I join one, people will want me to join theirs too" thing. I try to pop in on some threads every once and a while and sort of ended up RPing in a SAMB thread a little while ago, so it's likely to happen more at some point ;)

@Sorrel I read through what was going on - it seems like you and Callisto ended up figuring things out! I'm glad it ended amicably. The posting delay probably didn't help matters since it seemed like there were some posts that came through in a weird order and added to the confusion.

@Greatness Is it the new thread "There it is, Greatness again"? If so, try sending it through again. You didn't do anything wrong or anything I saw that could be interpreted as bad by the filter. Sorry it's so annoying and finicky sometimes, especially after you put a lot of effort into posts :-/

@Night Ha, it is rare to have two people with the same nickname on the forums! It would be funny if you were obsessed with another mode of transportation, like planes. Then there would be Train Night and Plane Night. Anyways, to your question - shorter posts generally go through first/more quickly because it's easier for the filter to parse.

@Saber I have had a pet die, my dog I grew up with passed away when I was about 16. It's really upsetting to lose a member of your family. I saw both you and Platinum have lost your dogs recently, and I'm very sorry for both of your losses.

How I dealt with it was hard, and honestly I was just really sad for a while. I drew her (my creative outlet, yours may be different), and avoided books/shows/movies with dogs in them for months. Everyone processes pain like this differently, it may help you to talk about your dog to others, share stories and memories, or you may need time to just be alone with your thoughts and feelings. Or any combination of this at different times. Whatever you feel, this place will be here for you.

@Jemmy Scholastic HQ is in New York, so I'm in EST as well. My favorite season is fall and my favorite color changes a lot. I'm feeling teal today. Maybe because I have a teal colored mug with tea in it. and maybe your name is.....Jemmantha!

I won't answer too personal questions because I like having an air of mystery. Who am I? Do I actually exist? Am I just an advanced AI? You'll never know!

@Forest
1. I'm a huge Doctor Who fan :D
2. This is my job! One and only.
3. I wish I had pets. I have friends with a cat so I just pretend she's mine and take a lot of cat photos like a true cat mom should.
4. I love watching snow fall when I'm inside and drinking hot chocolate, but after a few hours snow gets really gross in NYC :(We get terrible slush puddles on street corners that look just like pavement, then you step in them and....ick. Really hope you're wearing waterproof shoes. BUT when in a more rural place I just love snow.
5. WOO!!!

@Fallon Thank you!! ^u^ Honestly, just trying to post again can sometimes work. I feel like I'm always saying "the filter will get better" but I think it really will - I talked to the developers about having some way I could have more control over posts getting through or not.

[Forum Prompts]

If you could make a TV show what would it be about? Would it be multiple seasons or a limited number of episodes? What genre?

[Question Corner]

@Lightstar it's only possible for admins/mods to change their pics since we can upload images.

@Andalite My first doctor was David Tennant so he has that special place in my heart. I need to catch up on the new season though! My favorite companion was Donna. I thought her banter with the Doctor was so great. I wish her story arc had a happier resolution though :(

@Jemmy *I am a human I swear*

@Atlas 1. You made your account on Feb 2, 2018
2. I'll take a look at them! If they're short, try sending them through again. It might have been a glitch.
3. You can call me anything but late for dinner!
4. Read through my previous news posts and you'll learn a lot! But tl;dr - I like sushi and dogs, Peril and Rainwings, and I interned at Scholastic many years before I ended up coming back and joining the team today!
5. I answered your 4 questions!

WAIT THERE'S MORE!

6. The real answer is it's a job, so you have to apply and be hired by Scholastic. All the mods/admins who have been on the boards in the past (Keith, Gavin, Erika, etc) all work on the team doing different things like managing the development of the games we make. From the 39 Clues games to Spirit Animals to Infinity Ring to our new thing! The same with me :)
7. Not sure
8. I like the "Is this a pigeon" meme, the meta ones never fail to make me laugh
9. I do like the name Atlas! Please continue holding up the world, it would be a tragedy if you were to drop it.
14. Chat is not coming back to the site. It will only be available in games.
16. I'll look into that for you again!
17. Fave songs - Flamingo by Kero Kero Bonito, Birdhouse in your soul by They Might be Giants, and Spring Day by BTS. And a lot of other songs. Ugh it's too difficult to pick favorites!
18. It's a safety/moderation thing. Would have to always be approving new names which is a barrier to joining the forums.

@Alphawolf I'm not actually sure I can share the theme yet. I can say that the images I've been sharing in the updates thread are one particular world.

@Wizard Do it!! Make a robot overlord forumfic, that'd be awesome!

@Indigo Yes you can friend me :D And oh yes, I should probably get rid of that in the top of the post. I'd made two previous iterations of the Town Square, but due to a bug my posts were getting deleted by the filter a few days after I posted. So this is the third official Town Square (and the bug is fixed now, so third time was the charm!)

That's it for the News today! I'll be back with a double issue tomorrow!
